

## FAS Report Writer

Gain total control over the format, appearance, and context of all your depreciation and fixed asset management reports with FAS Report Writer. This easy-to-use solution allows you to instantly create professional, custom reports that you can save and reuse whenever you wish.

FAS Report Writer's Customized Standard Reports feature even allows you to make edits to the built-in reports with minimal effort and without having to learn a complex reporting tool. Better still, you can share fixed asset data with other programs using PDF, ASCII, HTML, XML, and other popular formats. Enjoy custom reports and data integration—all in one simple, point-and-click system.

FAS Report Writer is the perfect solution to extend the built-in reporting functionality of any Sage FAS 100 product and is included in all Sage FAS 500 solutions. With this powerful yet easy-to-use solution you can handle up to 999,999 assets in a single report. You can choose any range of assets you want to include in your reports, and even decide how you want to subtotal and group the data. With FAS Report Writer, you'll have a comprehensive solution that gives you total control over the creation and customization of your reports with unlimited possibilities.

From developing innovative products to providing award-winning customer support, Sage Software is dedicated to surpassing expectations in all aspects of our business. *“Our paperwork is half what it used to be, thanks to Sage FAS. I have information at my fingertips whenever I need it. With the growth we’ve experienced over the past 10 years and the constant changes in tax laws, it would be very difficult to manage our fixed assets efficiently without Sage FAS solutions.”*
